### ONE-OFF REPAIRS

Should a Breakdown arise, we can arrange for an Approved Engineer to attend your home and effect any repair that is required.

We will discuss your one-off repair with you to ensure you are satisfied with our charges for the repair.

If you choose this service, the cost is a one-off payment which will be taken prior to deployment of our Approved Engineer. This one-off payment includes all parts and labour.

We reserve the right to reject a repair if we aren't able to repair your boiler. In this instance we will refund your payment in full.

This 24/7 Home Rescue agreement is bound by the laws of whichever country the property included in your agreement is based in.

### WHAT IS INCLUDED / NOT INCLUDED

Your one-off repair only includes repairs already agreed with us prior to the engineers visit. Any other unrelated issues will not be covered, and you are required to advise us of these prior to the engineer's attendance to your property.

Once an engineer attends your property to complete one off repair, it may transpire additional works are required to complete your repair. Unless there is a prior agreement for the specific work to be completed, the additional works will not be included.

We may be able to do this for you at an extra cost which you will be responsible to pay for in advance.

BER -Boilers have a working life of, usually, 7 to 20 years. Their value reduces over time. If, after an engineer visit and assessment repair costs are more than the current value of the boiler, we won't carry out a repair.

We aren't able to cover the following boilers or boiler types:

- Potterton Powermax;
- Ferroli;
- Thermal Store systems;
- Boilers that contain storage vessels;
- Warm air units;
- Keston boilers manufactured before July 2019;
- ATAG;
- Dual-purpose boilers such as AGA & Rayburn;
- Combined heat and power systems.

#### Mainland United Kingdom

### CANCELLING

You have 14 days to cancel your one-off repair. This 14-day period is your cooling-off period which will begin from the day your one-off repair is accepted.

Please note once we've started the job then you will no longer be able to cancel it and liable for any cost as a result.

### WORKING CONDITIONS

We won't start or continue doing any work in your home if it is believed that there's a health and safety risk. This can include (but not limited) to the following: hazardous chemicals, pest infestations, verbal or physical abuse, or harassment.

We will not be able to return to your property until the health and safety risks have been removed.

If there is asbestos in your property, you'll need to arrange and pay for someone else to remove it and give you a Certificate of Reoccupation which you'll need to show us before we will attend your property.
